

Maundy Thursday: Jesus Washes the Disciples' Feet

- If you're keeping physical contact within your household, you could wash your hands really carefully, then take turns to wash each other's feet, singing the song from the storytelling as you take turns to wash and dry.
- Draw or write down the different ideas you had for ways of showing love and serving each other and the people around you. If you like, you could draw around your hands and write your ideas on your handprints.
- Draw around your bare feet, then cut them out and decorate them. Imagine Jesus washing your feet as you create.
- Explore this painting of by Sieger Koder of Jesus washing Peter's feet together.

Have a go at making your own picture of this moment in the story. You could even create a picture of Jesus washing your feet. What would your face look like when Jesus washes your feet?

- Design a stained glass window telling this important story when Jesus washes his disciples feet. If you like, you can use the stained glass template.
- Do some amazing handwashing today!
