

## **Palm Sunday: Jesus Came Riding on a Donkey**

Stay with the story a bit longer by choosing one of the following Creative Responses, or maybe you have your own ideas!

- make your own glueless palm cross using paper or card. Here's a video to help! <https://www.facebook.com/watch/?v=266100647742443>
- decorate a paper palm leaf (see template)
- make a palm leaf hat by adding the palm leaf template to a band of paper
- go and find a branch of a tree and put it next to your door or in a window
- imagine what you would wave for Jesus if Jesus came past your home now and you were going to wave from the window or door. Find something to wave now and wave it high as you sing Hosanna!
- make a giant palm branch from handprints, either by painting your palms and making handprints or by drawing round your hand on a sheet of paper a few times then cutting the handprints out
- make a picture of you then find a real leaf or twig and attach it to the drawing – you could make a little hole in the drawing to put it through. (You could use the body template if you like).
- make a crown for King Jesus! (You could use the crown template if you like).
